ACCESSORIES

NOISEKILLER

Reduce Vibration and Noise from case fans, power supply, and drives by up to 80%.

Not all the noise created by your system is simply air turbulence. Your fans, hard drives and other moving parts also create vibrations that can be transmitted to your case. Now you can reduce this source of noise with Antec's Noise Killer products. Help quiet case fans, power supplies and other devices with these silicone gaskets and washers.

Feature and Benefits :

- Reduce vibration and noise from case fans, power supply, and drives by up to 80%
- Silicone gaskets and washers for a wide variety of devices – won't harden over time and lose effectiveness like other materials.
